AGM duly approved the said annual financial statements and re-appointed M/s KPMG Taseer Hadi & Co., Chartered Accountants as statutory auditors of the Company for the year ending June 30, 2022.

Looking at Company's performance for the quarter ended September 30, 2021, it transpires that financial results are heavily impacted when Pak Rupee depreciated significantly during the quarter by 7.52%, causing an exchange loss of Rs. 806 million. NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS FOR THE QUARTER ENDED SEPTEMBER 30, 2021 - UNAUDITED

1. THE COMPANY AND ITS OPERATIONS

1.1 Pakistan Refinery Limited was incorporated in Pakistan as a public limited company in May 1960 and is listed on Pakistan Stock Exchange. The Company is engaged in the production and sale of petroleum products.

The Company is a subsidiary of Pakistan State Oil Company Limited (PSO).

1.2 The geographical locations and addresses of the Company's business units, including plant are as under:

- Refinery complex and registered office of the Company is at Korangi Creek Road, Karachi; and
- Storage tanks at Keamari, Karachi.

2 BASIS OF PREPARATION

2.1 These condensed interim financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting which comprise of:

- International Financial Reporting Standards (IFRS Standards) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017; and
- Provisions of and directives issued under the Companies Act, 2017.

Where provisions of and directives issued under the Companies Act, 2017 differ from the IFRS, the provisions of and directives issued under the Companies Act, 2017 have been followed.

This condensed interim financial information of the Company does not include all of the information required for annual financial statements and should be read in conjunction with the annual financial statements of the Company as at and for the year ended June 30, 2021. However, selected explanatory notes are included to explain events and transactions that are significant to an understanding of the changes in the Company's financial position and performance since the last annual audited financial statements.

2.2 As at September 30, 2021, the Company's accumulated loss was Rs. 18.56 billion (June 30, 2021: Rs. 18.18 billion). In addition, current liabilities of the Company exceeded its current assets by Rs. 18.17 billion as at September 30, 2021 (June 30, 2021: 17.80 billion). These conditions may cast a significant doubt on the Company's ability to continue as a going concern and the Company may be unable to realise its assets and discharge its liabilities in the normal course of business.

During the period, the Company incurred a loss after taxation of Rs. 378.38 million, mainly because of exchange loss of Rs 917.83 million owing to significant depletion in the value of Pak Rupee against USD. However, the Company believes that current pricing mechanism which includes the allowance to recover exchange loss will enable the Company to recover a portion of cumulative exchange loss suffered during the period. Further, the Government of Pakistan through Finance Act, 2021 reduced the rate of Minimum Tax on Turnover from 0.75% to 0.5% and the rate of Custom Duty on crude oil from 5% to 2.5%. These changes are having favourable impacts on the results of the Company.

FOR THE QUARTER ENDED SEPTEMBER 30, 2021 - UNAUDITED

Based on the above factors and their positive effect on the Company's projections together with the continuous availability of financing facilities, the Company believes that it will meet the obligations and will continue to operate as a going concern for a period of at least 12 months from the date of approval of this condensed interim financial information. Accordingly, this condensed interim financial information have been prepared on a going concern basis and therefore, do not include any adjustments to the carrying amounts and classification of assets and liabilities that may arise.

There are new and amended standards and interpretations that are mandatory for accounting periods beginning July 1, 2021, but are considered not to be relevant or do not have any significant effect on the Company's financial position and are therefore not stated in this condensed interim financial information.
